*Civica Board Member Organization

Recognized for industry impact

Honored as one of 15 healthcare companies changing the industry

Named one of "The World's 50 Most Innovative Companies"

Reducing generic drug shortages

BRINGING true competition to the generic drug market, focusing on quality, value, affordability and availability.

ENSURING stable and predictable supplies of quality, essential generic drugs to U.S. hospital members and long-term volume certainty to manufacturers.

MITIGATING shortages by meeting or exceeding hospital order commitments and maintaining consistent 6-month safety stock.
